ABOUT THIS WINE

Noblemen's Reserve is a bold blend with rustic earthy aromas that leave one traveling through flavors of licorice and smooth, dark berries. Pair with lamb or venison for an ideal food and wine experience.

There are four wines exclusive to Messina Hof Hill Country Winery. Each label showcases a piece of Fredericksburg history. Fredericksburg was founded by Prussian bureaucrat, John O. Meusebach. He had a vast interest in what was then called The Republic of Texas, and wanted to pursue his interest in geology and horticulture. He proudly served as Commissioner General of the Society for the 'Protection of German Immigrants in Texas', also called the "Noblemen's Society".
