---

## Growing Conditions

The 2015 Finger Lakes growing season got off to a rough start with extremely low winter temperatures through March. We were met with seven inches of rain in June. Fortunately things turned around with July, August and September providing ideal conditions with abundant sun and heat.

## Harvest

These excellent conditions toward the end of the growing season allowed our Riesling grapes to ripen to perfection.

## Bottling

April 21, 2016. Stelvin closure.  
Limited quantities, Library Wine. Club membership required for access.

## Palate

This 2015 semi dry Riesling is superbly balanced, with bright, lively acidity, citrus flavors and hints of stone fruit.

## Food Pairing

A natural accompaniment for sharp cheese, port or poultry dishes, or any foods that you'd squeeze a lemon on.
