## TECHNICAL

ABV <b>12.5%</b>	PH <b>3.54</b>	TA <b>5.3 g/L</b>
RESIDUAL SUGAR <b>2.5 g/L</b>		

## WINEMAKING

### VINEYARD

The multiple plots in Garzón cover both hill slopes. The size is less than a hectare for each plot and they have different orientations and humidity levels. This fact allows developing different little vineyards and creating a special environment where native forests are combined with big rocks and natural palm trees.

### AGING

12 months in 25 HL untoasted French oak casks
