

2023 Tiago Cabaço Syrah Red

Alcohol label %: 15.0 | pH: 3.4 | Acidity (TA): 5.6

Growing Conditions

Age of vines . 22 years old

Harvest

September 2023

Winemaking

This Syrah 2023 is the seventh harvest of a set of single variety wines Tiago Cabaço signature. Produced from grapes of our best portion of the Syrah variety.

In 2023 we were happy to be able to harvest grapes in perfect ripeness, with a balance and accuracy that, even today, surprise us for the good evolution and resourcefulness. Then, in addition to the good fruit we harvested from our vineyards, we also benefited from the many investments and good decisions that we have been making, from the proximity of the vineyards to the winery, patient and gentle pressing, from the low fermentation temperatures, to small capacity mills, always with the permanent attention to detail.

Oenologist . Tiago Cabaço and Susana Esteban

Aging

This followed a 15-month aging in French oak barrels.

Bottling

December 2024

Appearance

Huge in color and aroma, concentrated and seductive.

Nose

Floral and fruity.

Palate

It stands out due to the refreshing freshness of the aftertaste and the soft, yet

2023 Tiago Cabaço Syrah Red

powerful tannins that brighten the exciting finish.
