

N/V Blue Twilight

Alcohol label %: 11.0 | **pH:** 3.23 | **Acidity (TA):** 5.7 | **Residual Sugar (g/L):** 55.0

Winemaking

This wine comes with remarkable fresh tasting blueberries due to the relatively neutral tasting profile of 4 of the 5 grapes used in the blend. There is a slight tartness from the Baco Noir used which compliments the natural acidity of blueberries which are right in line with the pH of Blue Twilight.

Food Pairing

Enjoy our Blue Twilight by itself, or try it alongside light salads or sandwiches, fruity desserts, and strong cheeses.
