VARIETIES

100% Merlot

TASTING NOTES

NOSE

Notes of bright red fruits, with an intriguing spicy character are the hallmarks of this very unique Merlot.

PALATE

A long and pleasing finish.

WINEMAKING

VINEYARD

Our Cherry Tree Merlot is made with 100% estate grown Merlot grapes.

Our vineyard team works diligently throughout the year to assure we produce top quality vinifera wine grapes. Shoot tucking, thinning, leaf pulling and weed removal are all jobs completed by the hands of our vineyard crew.

The Waltz's sixth generation farm is situated on a beautiful hill in Lancaster County. The farm enjoys a Continental Climate similar to Northern Italy and Central France. This unique micro-climate also boasts well-drained soils and adequate air flow.

WINEMAKING

It is truly a representation of our specific micro-climate in Lancaster County, Pennsylvania.

Bronze medal: 2025 Fingerlakes International Wine Competition

AGING

It is a dry red wine which has been aged 22 months in French oak.

Our barrels are sourced from some of the top coopers in France. We order each barrel to be charred (toasted) specifically for the type of wine we are making.
