

2022 Chardonnay - Chablis Style

Alcohol label %: 13.9

Appearance

The bright crisp version of Chardonnay that hasn't seen any oak and won't have those buttery flavors people think of when they think Chardonnay. Instead it is a pale gold color with hints of white peaches wrapped in Meyer lemons leading into a full mouth of all of the citrus you expect from a clean chardonnay with grapefruit and apples. The brightness doesn't end there as the extra-long finish will help you beat the entire heat of the summer.
