### VINEYARD

The multiple plots in Garzón cover both hill slopes. The size is less than a hectare for each plot and they have different orientations and humidity levels. This fact allows developing different little vineyards and creating a special environment where native forests are combined with big rocks and natural palm trees.

### WINEMAKING

Fermentation: 80 HL Cement tanks

### AGING

12 months in 25 HL untoasted French oak casks

### BOTTLING

Bottled March 2018
