

# N/V Sweet Razzè

---

Alcohol label %: 11.2 | pH: 3.42 | Acidity (TA): 9.3 | Residual Sugar (g/L): 8.0

---

## Winemaking

Composition: 70% Riesling, 27% white wine blend, 2.5% raspberry concentrate.

Specially crafted for those who enjoy the sweeter side of life, our Sweet Razz wine is a delicious blend of white wine and raspberry concentrate.

All of the white wine used in this blend was fermented and aged in stainless steel tanks, blended together and then raspberry concentrate was added to the blend before bottling.

## Nose

Luscious scents of candied raspberries and cherries, and a slight citrus undertone circulate in the glass.

## Palate

Flavors of cranberries, pomegranates, plums and, of course, raspberries complement the wine's viscous mouthfeel. Bright, sweet and fruity, Sweet Razz is refreshing by itself and even more decadent with chocolate.
