ABOUT THIS WINE

Messina Hof Winery is proud to be a veteran-owned business and family winery with a history of three generations of United States military service. Messina Hof is honored to craft and showcase a wine collection for the ages that pays respect to the brave men and women that served during World War II and specifically in support of the Pacific War operations.

About the Label: Code Girls were an elite group of female codebreakers recruited from across the United States during World War II to serve in top-secret intelligence roles for the U.S. military. They were trained extensively in cryptography and cryptanalysis, then moved to secure facilities in Washington, D.C., where they decoded Japanese and German military communications. By 1945, women made up 70 percent of America's codebreakers, and their work was critical to Allied victory.
