**Acidity (TA):** 6.9 | **Residual Sugar (g/L):** 7.0

---

## Growing Conditions

Pinot Blanc grows on 3 of our farms, all within a mile of each other near the end of the Leelanau Peninsula. The peninsula narrows and we are only 1.5 miles east and 1.5 miles west of Lake Michigan/Grand Traverse Bay. This extends our growing season into early November. Pinot Blanc loves our sandy loam soils producing big, beautiful golden bunches.

## Harvest

Pinot Blanc was harvested from our Swede Road, Matheson Road and Kelch Road vineyards in the 3rd week of October. 2023 was a great vintage with no frost, long growing season the resulted in a huge harvest

## Winemaking

Straight forward with light pressing, stainless fermentation, limited lees contact and bottling the spring after harvest

## Appearance

Pale yellow

## Nose

Apple with hints of tropical fruit

## Food Pairing

Seafood especially whitefish and scallops
